OWNERS!

Do not forget that all owners running a NM Bred on the track must be an active member of the NMHBA within 90 days of placing 1st, 2nd, or 3rd. If you do not comply you will forfeit your incentive awards. Tell your friends and continue to pass the word along!

THOROUGHBREDS 2018 AND FORWARD

Don't forget, if you own a Thoroughbred foaled in 2018 or later you will no longer be issued a set of physical papers. The Jockey Club has gone digital! The NMHBA is now also digitally stamping your TB foal certificates. Please note that the NM Bred stamping process for Quarter Horse foals remains unchanged.

Answers to Frequently Asked Questions about Digital Certificate

1. How will I receive my Digital Certificate(s)?

When you log on to your Jockey Club Interactive Registration account, you will see an option under DIGITAL CERTIFICATES labeled CERTIFICATE MANAGEMENT that will display the certificates currently assigned to your Interactive Registration account.

2. Who is assigned the Digital Certificate?

Digital Certificates are assigned to a Certificate Manager, a person or entity authorized to control the disposition of a Digital Certificate. The Certificate Manager may or may not be the owner of the horse.

3. How will I forward my Digital Certificate to a sales company, racetrack, or other entity that requires the Certificate of Foal Registration?

The Certificate Manager will be able to assign the certificate to another party by selecting the appropriate entity or person, clicking the button that says "Assign Certificate," and then following the prompts to complete the assignment.

4. How will I know when a Digital Certificate has been assigned to my account?

An email notification will be sent shortly after a digital certificate(s) has been assigned to your Interactive Registration account.

5. Will all of my horses be issued a Digital Certificate?

Foals of 2018 and after will be issued Digital Certificates.

6. What if a mistake was made when assigning a Digital Certificate?

If a mistake was made when assigning a Digital Certificate the assignor should contact The Jockey Club for assistance at inquiries@jockeyclub.com.

7. How can I determine the current Digital Certificate Manager of a Thoroughbred?

When you log on to your Jockey Club Interactive Registration account, you will see an option under REGISTRATION labeled CHECK REGISTRATION STATUS that will display the current Digital Certificate Manager for foals of 2018 and later.

8. Does the ownership data recorded with the assignment of a Digital Certificate prove title to the horse?

No. The Jockey Club is a pedigree registry for Thoroughbred horses, not an ownership or title registry. Accordingly, any information presented by The Jockey Club concerning the "owner" of a horse is based solely upon information provided by others and is in no way warranted or otherwise offered by The Jockey Club as being a representation of who the actual owner or title holder of a particular Thoroughbred is.

Horse Racing Syndicates: How to Share Costs and Own a Racehorse

Horse racing partnerships, often known as syndicates, are a great way for racing novices to get involved in the sport of American Quarter Horse racing. The overhead cost can be lower than solely owning a horse, as the bills are shared between partners, and the fun factor is high, as you don't have to be physically involved in the daily grind of caring for and training the horse.

In this article, we break down how to:

- Keep the partnership simple and get everything in writing.
- Find a horse you like and a great veterinarian you trust.
- Decide the number of shares that will be offered in a horse.
- Map out a plan and consult with your partners and trainer.
- And more!
