of the year bred. The form must be postmarked or received in our office by that date (October 1) or the \$2000 penalty will be assessed to make the resulting foal eligible to be a NM bred.

The Trustees also voted to eliminate the Broodmares in foal returning to the state of New Mexico form, as our form to register a NM bred foal, details all locations the mares were kept prior to foaling. We will still be sending affidavits to the farms that receive the mares to foal out, and may visit farms to confirm the mare and/or foal are on the premises. Failure to return the mare to foal in New Mexico will result in the foal NOT being registered as a New Mexico bred and that foal will NOT be eligible for the

New Mexico bred program. NO refund of fees will be made.

These changes were made to allow the owners of the mares going out of state during their pregnancy, to have their mares confirmed in foal before the member pays the fees.

Your mare must still be registered with the association by September 1st of the breeding year.

PLEASE NOTE: A NM Bred Colt or Filly does not automatically go into the Broodmare and Stallion Registries. Please refer to the website or call the office for questions on this.

Additional forms & reminders

SEPTEMBER 1ST BROODMARE DEADLINE

If not already completed, all mares must be put into the NM Broodmare registry no later than September 1st, of the breeding year or penalties will apply on her foal.

The NMHBA has closed our P.O Box. Please send all mail to our physical address of 4836 Hardware Dr NE Suite B Albuquerque, NM 87109

There seems to be a lot of confusion on the broodmare registry. Please note that just because a filly or colt was an accredited NM Bred foal, this does **NOT** automatically make it a NM Broodmare or NM Stallion. These are separate registries. In order to register a NM Bred foal without penalty, the broodmare must have been registered with us no later than September 1st of the breeding year. Likewise the sire of a foal must be entered into the Stallion registry **BEFORE** breeding. If a stallion leaves the state of NM, he will be marked inactive and must be reactivated for a \$200 fee if he returns to New Mexico to breed. The stallion must be active and standing in New Mexico at the time of conception. You may always call the office to check on the status of Stallions and Broodmares

Don't forget to submit your NM Bred Applications! Remember you can always fill out our application even before you register your foals with AQHA or The Jockey Club. All horses age Jan 1. then price increases.

Weanling - \$60
Yearling- \$150
2 yr. Old- \$1,000
3 and Older- \$2,000
