### Blessing For A Foal

Some things seem too  
wobbly  
And a little too long:  
You'll grow into  
them all  
And be off fast  
and strong.

You've already won  
a place in my heart —  
*Godspeed*, little racehorse,  
Nothing beats a  
good start!

*We haven't forgotten . . . . . !  
That without a new generation  
every year, we as breeders, as well as  
the total racing industry,  
would dwindle and disappear.*

*We concentrate heavily on  
our stallions, but as every  
good breeder knows,  
we must have quality mares  
to produce quality foals.*

*If the preceding foals  
are representative of our newcomers,  
then we certainly are  
on the right track.*

Please make sure ALL NM Bred papers are stamped prior to sending them to the Ruidoso Sale. If you do not see our NM Bred stamp either embossed on your QH papers or digitally stamped on the TB papers, please call the office and we can get it sorted out. Remember they are not a NM Bred until they have been stamped and assigned a registration number.

# Important!

Please Note.

We are receiving many NM Bred Applications (Form 100 / 100A) that are incomplete. In order for us to accept an application and register a horse, **ALL** fields must be filled out in their entirety. Leaving sections of the form blank or filling in with N/A is not acceptable answer. If you are unsure of any of the information, please find out. To avoid any delays in registering your horse please ensure everything is done correctly and all forms are completely filled out.

## **Don't forget! We made changes to the Broodmares in foal leaving the state program!**

The NMHBA Trustees voted to amend the timeframe that an owner has to provide the Association with the forms for Broodmares in Foal to Leave the State of New Mexico. Beginning with the 2019 breeding season the form and the fee will be due on October 1 of the year bred. The form must be postmarked or received in our office by that date (October 1) or the \$2000 penalty will be assessed to make the resulting foal eligible to be a NM bred.

The Trustees also voted to eliminate the Broodmares in foal returning to the state of New Mexico form, as our form to register a NM bred foal, details all locations the mares were kept prior to foaling. We will still be sending affidavits to the farms that receive the mares to foal out, and may visit farms to confirm the mare and/or foal are on the premises. Failure to return the mare to foal in New Mexico will result in the foal NOT being registered as a New Mexico bred and that foal will NOT be eligible for the New Mexico bred program. NO refund of fees will be made.

These changes were made to allow the owners of the mares going out of state during their pregnancy, to have their mares confirmed in foal before the member pays the fees.

Your mare must still be registered with the association by September 1st of the breeding year.

There seems to be a lot of confusion on the broodmare registry. Please note that just because a filly or colt was an accredited NM Bred foal, this does **NOT** automatically make it a NM Broodmare or NM Stallion. These are separate registries. In order to register a NM Bred foal without penalty, the broodmare must have been registered with us no later than September 1st of the breeding year. Likewise the sire of a foal must be entered into the Stallion registry **BEFORE** breeding and must not go inactive in the subsequent years or penalties will apply. You may always call the office to check on the status of Stallions and Broodmares.
