BIOSECURITY

WHAT IS BIOSECURITY?

Almost everyone in the horse racing world is aware of the EIA outbreak that is currently ongoing. The outbreak is at high enough levels that the whole horse industry has started to take notice. The origin of the current outbreak has not been released but the method of transmission has been confirmed to be iatrogenic (induced unintentionally by medical treatment or procedure). In addition to EIA, EHV -1 keeps appearing. Breeders are worried (justifiably) and starting to wonder what they can do and what a strategies can be implemented to reduce risk. You will hear veterinarians use the term biosecurity. So exactly What is biosecurity? Biosecurity is the practice of preventing the spread of disease causing agents that can harm people, animals, crops and the environment. These are diseases that will cause a economic impact to your business. If you do not have in place a biosecurity program please consider the following information if you to decide its time to implement one. If you already have a biosecurity program in place it may be time to review it..." – Leah Starr, DVM

Embryo Transfer Form**

REGISTER NOW!

You don't have to wait for your AQHA or Jockey Club papers to submit a New Mexico Bred application for your foals! All foals **MUST BE** conceived and born in NM to be eligible for NM Bred status.

Remember the horse is NOT an official New Mexico Bred & CANNOT run in a NM Bred race until the certificates have been finalized by our office.

AQHA papers must be stamped in our office. Jockey Club papers are "stamped" online.

EXPORT BROODMARE FORMS

Export Broodmare Form

Out of State Embryo Transfer
Questionnaire

2024 Embryo Transfer &/or ICSI Report for
Veterinarian

All foals **MUST BE** conceived and born in NM to be eligible for NM Bred status. If a Broodmare (Dam, Donor Mare (open or carrying) and/or Recipient Mares) bred to a registered NM Stallion, spends any part of the pregnancy outside the state of New Mexico:

- The application and the \$500 fee must be postmarked no later than the deadline of October 1st of the breeding year. If the application and \$500 fee are NOT received by the applicable deadline, there is a ten day grace period and then the fee increases to \$1,000 for the foal to be eligible for NM Bred status.
- Every donor mare and every recipient mare that is taken to board out of state must have their own form filled out and you must pay \$500.00 for each or the larger \$1,000 penalty if the October 1 deadline is missed.

EXCEPTION (Bylaw change January 25, 2024):

- **1. All assisted reproduction techniques including but not limited to the transfer of embryos or oocytes must be performed within the State of New Mexico unless the service is not readily available in the state. OOCYTES may be done in other states if the out-of-state ICSI requirements are followed. The mare would be required to be enrolled in the Export Broodmare Program by October 1st of the year she was taken out of New Mexico.**

All mares must be registered in the Permanent New Mexico Broodmare Registry by September 1 of the breeding year or penalties will apply to all foals.

STALLION EVA REQUIREMENTS

EVA REQUIREMENTS FOR NEW STALLIONS

NM LIVESTOCK BOARD LIST OF NM HORSE RESCUES

HORSE RESCUE IN NEW MEXICO

The State of New Mexico, in cooperation with members of the State Legislature and Governor's Office, established laws governing horse rescues in the State of New Mexico.

The New Mexico Livestock Board is the regulatory authority governing abuse and neglect of Livestock.

In conjunction with the livestock industry, horse industry veterinarians and humane associations, a procedure for the care of abandoned and neglected horses has been established and implemented in New Mexico.

The New Mexico Livestock Board licenses horse rescue, sanctuary and retirement facilities in the state. This includes facilities which provide care for captured wild horses that cannot be returned to their range. Listed below are the facilities currently licensed and approved . These licensed facilities have subscribed to the standards of care for horses as detailed in "**Care Guidelines for Equine Rescue and Retirement Facilities**", published by the American Association of Equine Practitioners.
