

# EXPORT BROODMARE FORM RULES & INSTRUCTIONS

- **All mares MUST be registered with NMHBA no later than September 1st of the breeding year or penalties will apply.** It costs \$100.00 to permanently put a mare into the broodmare registry. Current membership is also required.
- In the case of Quarter Horses and Embryo Transfers, **BOTH** the donor mare and the recipient mare must be registered with us. If unsure of the status of a broodmare, please check the horse directory under active broodmares or call the NMHBA office.
- The accredited New Mexico Broodmare must be bred in New Mexico to an accredited NM Stallion. Check the website at nmhorsebreeders.com under the stallion directory for active stallions or call the NMHBA office.
- Once an accredited New Mexico broodmare is in foal she may leave the state of New Mexico, but the following requirements must be met:
  - **The Dam/Donor Mare must have spent a minimum of 30 consecutive days in New Mexico the year the breeding took place AND the year of pregnancy, or this application will be voided and money refunded.**
  - **The Form for a New Mexico broodmare to leave the state of New Mexico must be filled out and the \$500.00 fee paid for by October 1st of the breeding year.** If you miss the October 1st deadline a \$1,000 fee will then be in place after October 10th. If the mare should reside in New Mexico and then leave the state AFTER October 1st you will have ten days to submit the form and pay the \$500.00.
    - For embryo transfers you must pay for each mare that leaves the state.
    - **Every donor mare and every recipient mare that is taken to board out of state must have their own form filled out and you must pay \$500.00 for each or the larger \$1,000 penalty if the October 1 deadline is missed.**
- An open donor mare DOES NOT have to come back to the state of New Mexico after leaving but does have to pay the \$500.00 fee.
- All mares must return to NM before foaling or there will be a \$500 Foaling Out of State Fee due at time of registration of the foal, starting with foals born in 2025.

Don't forget to fill out a current year membership application if you haven't already and submit your New Mexico Bred applications.

A common misconception is that you must wait until the foal is registered with either the American Quarter Horse Association or the Jockey Club. You **DO NOT** need to wait and it's better if you don't – foals are only \$60.00 the weanling year to register. The registration can then be completed once the registration certificate becomes available.

Your horse is not considered a NM Bred until it has been assigned a registration number by our office.

## **EXCEPTION (Bylaw change January 25, 2024):**

1. All assisted reproduction techniques including but not limited to the transfer of embryos or oocytes must be performed within the State of New Mexico unless the service is not readily available in the state. OOCYTES may be done in other states if the out-of-state ICSI requirements are followed. The mare would be required to be enrolled in the Export Broodmare Program by October 1st of the year she was taken out of New Mexico.
