Special Masked earns third consecutive win in Saturday's Tijeras

New Mexico Horse Breeder May/June 1994

By Tim Menicutch, Publicity The Downs at Albuquerque

Special masked extended his winning streak to three Saturday when he posted an authoritative 3/4 length victory in the \$16,200 Tijeras Handicap at the Downs.

Special Masked, a 5 year old gelded son of Masked Native, suffered his only defeat at the meet to two-time World Champion aged stallion Six To Five in an allowance race.

Breaking alertly from the 6 post position, Eric Perner pushed Special masked to the lead early and was drawing away near the wire. Special Masked covered the 870 yards in a zippy 45.07, the second fastest ever

Tijeras.

Special masked, who is trained by Christopher O'Dell and is owned by Gary and Janice Caviness of Maljamar, N.M., earned \$9,720 for his victory and upped his career bankroll to \$59,840.

Navajo Sam finished second in the full field of eight older runners and Stamen was third.

(Including Embryo Transfer / ICSI)

## FILL OUT NM BRED APPLICATION NOW!

You don't have to wait for your AQHA or Jockey Club papers to submit a New Mexico Bred application for your foals! All foals **MUST BE** conceived in NM (exception: ICSI) to be eligible for NM Bred status.

**Remember the horse is NOT an official New Mexico Bred & CANNOT run in a NM Bred race until the certificates have been finalized by our office.**

AQHA papers must be stamped in our office.  
Jockey Club papers are "stamped" online.

# EXPORT BROODMARE FORMS

[Export Broodmare Form](#)

[Export Broodmare Form Rules & Instructions](#)

All foals **MUST BE** conceived and born in NM to be eligible for NM Bred status. If a Broodmare (Dam, Donor Mare (open or carrying) and/or Recipient Mares) bred to a registered NM Stallion, spends any part of the pregnancy outside the state of New Mexico:

- The application and the \$500 fee must be postmarked no later than the deadline of October 1st of the breeding year. If the application and \$500 fee are NOT received by the applicable deadline, there is a ten day grace period and then the fee increases to \$1,000 for the foal to be eligible for NM Bred status.
- All mares bred in New Mexico **MUST RESIDE IN NEW MEXICO A MINIMUM OF 30 CONSECUTIVE DAYS** the year the breeding took place AND the year of pregnancy before leaving the state of New Mexico or the resulting foals(s) are ineligible to be registered as New Mexico Breds.
- Every donor mare and every recipient mare that is taken to board out of state must have their own form filled out and you must pay \$500.00 for each or the larger \$1,000 penalty if the October 1 deadline is missed.

## **EXCEPTION (Bylaw change January 25, 2024):**

- **1. All assisted reproduction techniques including but not limited to the transfer of embryos or oocytes must be performed within the State of New Mexico unless the service is not readily available in the state. OOCYTES may be done in other states if the out-of-state ICSI requirements are followed. The mare would be required to be enrolled in the Export Broodmare Program by October 1st of the year she was taken out of New Mexico.**

**All mares must be registered in the Permanent New Mexico Broodmare Registry by September 1 of the breeding year or penalties will apply to all foals.**

# ICSI PROGRAM

The by-law change voted on at the 2025 Annual Meeting now allows mares to foal outside of the state of New Mexico. This will require paying the Export Broodmare Fee AND the Out Of State Foaling Fee.

## STARTING FEBRUARY 15, 2025:

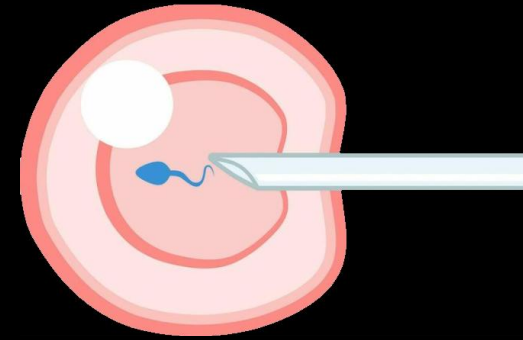

- **The Donor Mare must have spent a minimum of 30 consecutive days in New Mexico the year the ICSI procedure took place AND the year each pregnancy is confirmed.**
- All mares **MUST BE ASPIRATED IN NEW MEXICO** for ICSI or the resulting foal(s) are ineligible to be registered as New Mexico Breds.

If for any reason any of the requirements of these rules cannot be adhered to, a request for a variance must be submitted to the New Mexico Horse Breeders Board of Trustees in order to be considered for New Mexico Bred registration.

## EXCEPTION (Bylaw change January 25, 2024):

- **1. All assisted reproduction techniques including but not limited to the transfer of embryos or oocytes must be performed within the State of New Mexico unless the service is not readily available in the state. OOCYTES may be done in other states if the out-of-state ICSI requirements are followed. The mare would be required to be enrolled in the Export Broodmare Program by October 1st of the year she was taken out of New Mexico.**

All mares must be registered in the Permanent New Mexico Broodmare Registry by September 1 of the breeding year or penalties will apply to all foals.

# NM LIVESTOCK BOARD LIST OF NM HORSE RESCUES

## HORSE RESCUE IN NEW MEXICO

The State of New Mexico, in cooperation with members of the State Legislature and Governor's Office, established laws governing horse rescues in the State of New Mexico.

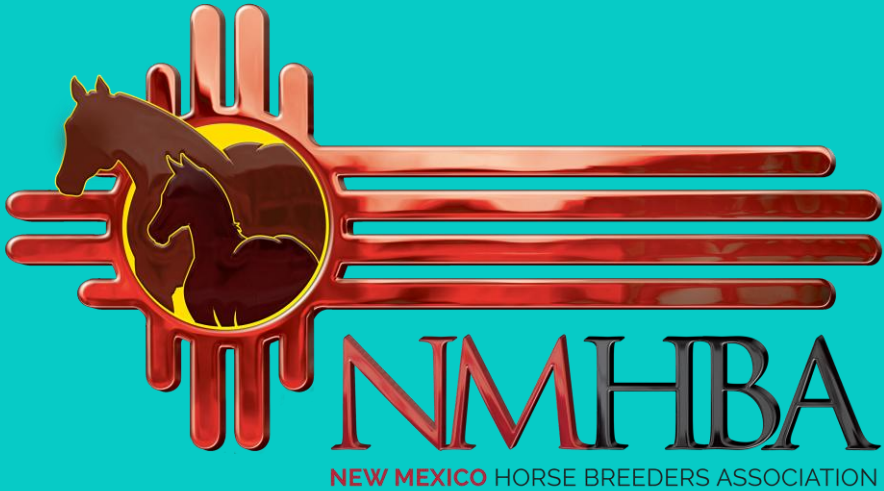

The New Mexico Livestock Board is the regulatory authority governing abuse and neglect of Livestock.

In conjunction with the livestock industry, horse industry veterinarians and humane associations, a procedure for the care of abandoned and neglected horses has been established and implemented in New Mexico.

The New Mexico Livestock Board licenses horse rescue, sanctuary and retirement facilities in the state. This includes facilities which provide care for captured wild horses that cannot be returned to their range. Listed below are the facilities currently licensed and approved . These licensed facilities have subscribed to the standards of care for horses as detailed in "**Care Guidelines for Equine Rescue and Retirement Facilities**", published by the American Association of Equine Practitioners.
